### FINANCES AND MARKETS

[Republican A. P. Leased Wire] NEW YORK, May 10—Passing of the British cabinet crisis, heartening military and naval news from abroad and constructive home departments furnished the basis on another sweeping advance in stocks today although gains were materially reduced at the class. were materially reduced at the close. The movement was the most compre-hensive of any thus far this year but the bulk of the enormous dealings again converged around half a score of favorites, chiefly war issues and af-

fillated equipments.

A marked increase of public participation was observed, commission houses being reported as heavy buyers, especially of industrials, for speculative and investment interests in the middle west and southwest.

capecially of industrials, for specials tive and investment interests in the middle west and southwest.

Heaviness of the Liberty 4½ per cent bonds were formally listed on the exchange was almost the only adverse feature. That issue opened at \$99.10 and receded steadily to \$98.40 in extensive oferings.

United States Steel again overtopped all other stocks in point of activity, contributing about 455,000 to the day's total of 1,235,000 shares. Steel surpassed its previous maximum of the year by 2½ at 1092 but closed at 108%, a net gain of one point.

Liberty's 3½ and 4's lacked definite trend and the general bond list showed little alteration. Total sales, par value aggregated \$10,250,000. United States old issues, were unchanged on call.

CHICAGO, May 10 .- Greater confidence that seeding will be of normal extent did a good deal today to make corn prices average lower. The mar-ket closed heavy at 2%c down to 1/4c advance, with May \$1.27% and July \$1.45% to \$145%. Oats declined %c to 1%c net and provisions 5c to 70c.
Indications of a quick return of warm, sunshiny weather formed the chief basis of optimism that planted acreage of corn would reach the aver-

age total. Oats traders for the most part leaned to the view that the crop was not far enough advanced to be hurt by frosts. Absence of seaboard demand also was a bearish factor.

Provisions gave way with grain. Higher quotations on hogs were al-most entirely ignored.
